

Live Recordings of Cynthia Bourgeault's Teaching – CD Order Form

Please Note: These CD sets are LIVE recordings of Rev. Dr. Cynthia Bourgeault's teaching at varioUSAretreats, teaching sessions, and Wisdom Schools. You may notice some background noises or variability in the audio volume. There may also be places where a small portion of the presentation was edited out due to problems in the recording. Despite the minor quality issues we believe that the content is of such relevance and importance that we opted to produce and make available to those interested in these teachings.
