

We rely upon the generous support of fellow contemplatives to maintain our services and presence. Please consider joining us as a member of this global contemplative community.

The Contemplative Society is a charitable, non-profit organization funded largely through donations and membership. As a member you receive the following benefits: advance email notice of events and news – particularly the opportunity to register for retreats sponsored by TCS prior to public announcement; letters and notifications to members from our principal teacher Rev. Dr. Cynthia Bourgeault, TCS newsletters; and voting rights at our Annual General Meeting.

Your donation and membership allows us to provide continued financial support to Cynthia in her work around the world as a spiritual teacher, writer, and a leader in the recovery of the Christian Contemplative Tradition. Your vital contribution and support also enables us to maintain our presence as a source and service for connecting the global network of contemplatives learning and growing together on this path.
