

Teilhard for Our Times: Consciousness, Evolution, and Our Planetary Fate

WITH

The Rev. Dr. Cynthia Bourgeault

Wisdom teacher and renowned author

Saturday, September 24, 2016

4:00—6:00 pm

University of Victoria

David Turpin Building, Room A120

(Parking in the UVic Stadium parking lot)

This talk will embrace new evolutionary ground as we explore the mystical and visionary thinking of Teilhard de Chardin and his contribution to ecology. His work, as made more accessible by Cynthia Bourgeault, is critically important for shaping a renewed spiritual path for the 21st century and enabling us to embrace the future with compassion, courage, and spiritual intelligence. Throughout the talk, Cynthia will balance teaching with some contemplative and embodied practice.

Cost: FREE. Donations gratefully received.

Hosted by the United Church Campus Ministry, Chaplain Henri Lock (hlock@uvic.ca),
