*I simply cannot emphasize enough how important The Contemplative Society has become in supporting my work...It's allowing contemplatives from all over the world to connect in a "network of hearts" ... what a pivotal role the Society is playing, both in supporting me personally in my teaching and in helping bring this teaching to the world...
~ In gratitude, Cynthia Bourgeault*

The Contemplative Society is a charitable organization depending largely on the contributions of donors and members.

Your financial support allows us to continue our work and to develop and maintain our vast catalog of offerings featuring Cynthia Bourgeault and other distinguished teachers. With your help we provide a vital hub and online presence for connecting the global Wisdom network, learning, sharing, and growing together on this path.

Membership is available with donation of any amount. Members receive periodic updates from TCS as well as prior notification and priority registration at our local events, and voting rights at our Annual General Meeting. A donation of \$25 monthly or \$300 annually will help us sustain our work, but we greatly appreciate a contribution of any amount.
